1.5 Academic Programmes

The University offers a wide range of programmes both short-term and long-term leading to Certificates, Diplomas, Undergraduate Degrees, Postgraduate Degrees and Doctoral Degrees which are conventional as well as innovative. Most of these programmes have been developed after an initial survey of the demand for such Programmes. They are launched with a view to fulfill the learner's needs for:

- certification,
- improvement of skills,
- acquisition of professional qualifications,
- continuing education and professional development at work place,
- self-enrichment,
- diversification and updation of knowledge, and
- empowerment.

1.6 Course Preparation

Self Learning Materials (SLMs) as we call in distance mode of education is prepared by a team of experts selected from different Universities/Institutions all over the country as well as in-house faculty. This material is scrutinised by the content experts, supervised by the instructors/unit designers and edited by the language experts at IGNOU before they are finally sent for printing. Similarly, audio and video cassettes are produced in consultation with the course writers, in-house faculty and producers. This material is previewed and reviewed by the faculty as well as outside media experts and edited or modified, wherever necessary, before they are finally despatched to the Study Centres and telecasted on Gyan Darshan.

1.7 Credit System

The University follows the 'Credit System' for most of its programmes. Each credit amounts to 30 hours of study comprising all learning activities. Reading and comprehending the print material, listening to audio, watching of video, attending counselling sessions, teleconference and writing assignment report. Thus, a four-credit course involves 120 hours of self learning. This helps the student to understand the academic effort one has to put in order to successfully complete a course. Completion of an academic programme (Degree, Diploma or Certificate) requires successful clearing of assignment, term-end examination and practicals of each course in a programme.

1.8 Student Support Services

In order to provide individual support to its learners, the University has a large number of Study Centres throughout the country. These are coordinated by 55 Regional Centres and 5 Sub-Regional Centres as on date. At the Study Centres/Programme Study Centres (Programme specific study centers are known as Programme Study Centre), the students interact with Academic Counsellors and other students, refer to books in the Library, watch/listen to video/audio cassettes and interact with the Coordinator on administrative and academic matters.

Learners may seek the help of following University functionaries for sorting out the problems indicated:

- i) For admission, change of centre, identity card, change of address, fee receipt and bonafide certificates, write to your nearest Regional Centre.
- ii) For non-receipt of study material and assignments, Contact your regional centre.
- iii) For queries relating to assignments, examination date sheet, result grade cards, re-checking, change of elective etc., write directly to Registrar, Student Evaluation Division, IGNOU, Maidan Garhi, New Delhi-110 068.
- iv) For Migration Certificate, requisition may be sent to the Regional Director along with the following documents:
 - 1) Application (can be obtained from the Head Office and Regional Centres).
 - 2) Attested copy of the Mark sheet.
 - 3) Admissible fee in the form of demand draft drawn in favour of IGNOU.

Every student will select one of the study centers taking into consideration his place of work or residence. However, each study center can handle only a limited number of students, and despite our best efforts, it may not always be possible to allot the study center of your choice. The list of study centres is provided separately (Appendix I). It is also requested to access updated list of programme study centres on the web : www.ignou.ac.in

Every Study Centre has a Coordinator to coordinate different activities at the center, an Assistant Coordinator and other supporting staff appointed on a part-time basis. There are several Academic Counsellors in different subjects to provide counselling and guidance to the students in the subjects.

1.8.1 Programme Study Centres perform the following major functions:

- 1. Counselling:** Face-to-face counselling for the courses will be provided at the Study Centres / Programme Study Centres. Generally, there will be theory and practical counselling sessions for the entire programme at the selected Programme Study Centre. The detailed programme of the counselling sessions will be prepared by the coordinator of the Study Centre.
- 2. Library:** For each course, a set of suggested books will be available in the Study Centre library. The students can refer these books during the working hours of the Study Centre.
- 3. Information and Advice:** At the Study Centre, the students will get relevant information regarding the courses offered by the university, counselling schedule, examination schedule, etc. You will also get guidance in submitting various forms from time to time.
- 4. Interaction with Fellow-Students:** In the Study Centres, the student gets an opportunity to interact with fellow students.
- 5. Telecounselling Facility:** Some of the Programme Study Centers are equipped with the teleconference reception facilities. You can participate in telecounselling session at your study centre.

1.9 Instructional System

The University follows multimedia approach in imparting instruction to its learners. It comprises:

- Self-instructional printed course material packages.
- Supporting audio-video programmes.
- Face-to-face interaction with academic counsellors at Programme Study Centres and depending on programme requirement at work centres.
- Practicals at designated institutions.
- Project Work in some programmes.
- Work-related field project/Functional assignments as per programme requirements.
- Telecast of video programmes on the National Network of Doordarshan.
- Broadcast of audio programmes by All India Radio (selected stations).

1.10 Programme Delivery

The methodology of instruction in this University is different from that of the conventional Universities. The Open University system is more learner-oriented, and the student is an active participant in the teaching and learning process. Most of the instruction is imparted through distance rather than face-to-face communication.

The University follows a multimedia approach for instruction. It comprises:

- a) Self Instructional Written Material:** The written material for both theory and practical components of the programme is supplied to the students in batches of blocks for every course (on an average of 4 blocks per course). A block which comes in the form of a booklet comprises 3 to 5 units.
- b) Audio-Visual Material Aids:** The learning package contains audio and video cassettes which have been produced by the University for better clarification and enhancement of understanding of the course material given to the student. A video programme is normally of 25-30 minutes duration. The audio tapes are run and video cassettes are screened at the study centres during the hours of the counselling sessions.

The video programmes are telecast on National Network and Enrichment Channel of Doordarshan. Some of the selected stations of All India Radio are also broadcasting the audio programmes. Students can confirm the dates for the programmes from their study centres. The information is also provided through the National Newspapers and IGNOU Newsletters sent to the students regularly.

- c) Counselling Sessions:** Normally counselling sessions are held as per a schedule drawn before hand by the Programme In-charge. They are held on weekends, that is to say, Saturday and Sunday of the week.

There will be 10 theory and 40 practical counselling sessions for the entire programme at the selected Programme Study Centre. The practical counselling sessions will cover the practical exercises for all the three courses. The participation in practical counselling is compulsory as the experiments are graded.

1.11 Evaluation System

The system of evaluation in IGNOU is also different from that of conventional universities.

i) Theory

For theory, the weightage to assignment will be 20% and term-end examination will be 80%.

ii) Practical

The practical evaluation shall be done under two components: (i) guided experiments and (ii) unguided experiments. The guided experiments shall be performed during the counselling sessions under the guidance of the counsellors. The unguided experiment shall be undertaken by the students in the last session. For unguided experiment, student shall not be provided any guidance while performing the experiment(s).

Both the components will be evaluated. The weightage of 70% will be assigned to guided experiments and 30% weightage is for unguided experiments. Each experiment performed by the student would be evaluated. The counsellors covering various aspects like manipulative skills, observation, would assess the student performance and their understanding of the basic concepts related to the experiment.

Currently, India is having 1.7 million hectares of area under certified organic farming. The organic market in the country is valued at Rs. 100 crores with an annual growth rate steadily going up from 35 per cent which will further be expected to grow 50 per cent by 2010. India is fast becoming a major base for production and supply of organically produced agricultural products to the world market. The global market for organic farm produce is expected to touch US\$ 100 billion by 2010. In the years to come the focus will be of all the stakeholders on the expansion of the organic farming. 5. STUDY MATERIAL

Properly planned self-instructional print material both for the theory and practical components is the main part of the “Certificate in Organic Farming”. The study materials prepared by the University are self-instructional in nature whereas the lessons which are called units in the theory component are structured to facilitate self-study, the practical are structured for self-guidance during the practical work experience.

5.1 How to Study Print Material?

a) Theory

While going through the syllabi of courses, you must have noted that each course has been divided into 3-4 blocks for a 4 credit course. Each block has 2-4 units. These units of each block have a certain thematic unity and arranged in a related logical sequence to maintain the continuity of learning of the particular subject.

The course material will be provided for you in the form of well designed printed books. Each book is a block containing units. The first page of each block indicates the numbers and titles of the units comprising the block. In the first block of each course, we start with the course introduction. This is followed by a brief introduction to the block.

Each unit has an introduction in which we tell you about the contents of the units. We outline a list of objectives which we expect you to achieve working through this unit. This is followed by the main body of the unit, which is divided into various sections and sub-sections. We end up each unit by summarizing its content to enable you to recall the main points.

In each unit, there are “Check Your Progress Exercise” which are meant to help you to assess your understanding of the subject. You must try attempting ‘Check Your Progress Exercise’.

b) Practical Manual

While going through the Practical Manual, you will note that each course has been divided into a number of experiments. Based on the theory courses of each subject, number of practical/experiments are given under each course of practical. Rest of the pattern for the Practical Manual has been prepared with the objective of providing you a guideline to study and practice these skills/experiments when you are placed in the Laboratory/ Processing Hall/Centre for practical experience/work.

5.2 Audio-Video Material

In addition to the print material, audio and video programmes have been prepared for each course. The audio-video material is supplementary to the print material. The audio tapes and video cassettes are available at your programme study center. Hence, we advise you to make use of it, as that will help you to understand the subject better.

Audio-video material will not be supplied individually to you but will be made available at the Programme Study Centres. You can watch these programmes during counselling sessions. Students desirous of buying the audio-video tapes can procure them from Marketing Unit, EMPC, IGNOU, Maidan Garhi, New Delhi-110 068.

5.3 Counselling

The Programme Study Centre will organise counselling sessions for all courses of study. Here, as students, you can take help from the counsellors in the study. The counselling sessions are not meant to be classroom lectures. You must study the material and try to assimilate it prior to coming for counselling. Whatever problems, you have, you must consult your counsellor for clarifications and help.

There will be 10 theory and 40 practical counselling sessions for the entire programme at the selected Programme Study Centre. The detailed programme of the counselling sessions will be prepared by the coordinator of the Programme Study Centre.

The counsellor will also organise sessions where you can listen to/view audio-video programmes. These programmes often supplement your course material. Exact dates of counselling sessions will be announced by the Study Centres concerned.

During the counselling session you will have the opportunity to interact with your fellow students which will help you to formulate self-help groups.

5.6 Practical Sessions

The practical component of this programme has been designed to build on the theory text giving you an exposure of practical experiences and knowledge in the various areas/field of Organic Farming. This practice will help you to improve the skills, qualities, knowledge and competencies that you will need to practice as a competent Certificate holder with university education. Throughout the programme, the material provided to you will encourage you to think about what you have already known and do in your practice as a competent skilled professional handling Organic Farming.

Your practicals are, therefore, an integral and compulsory part of the Certificate programme.

We hope that in addition to developing new skills and competencies, you will be able to reflect on what you do, how well you do it and consider the ways you might do it better.

5.7 Study Centres

To provide effective support, IGNOU has set up a number of Study Centres all over the country. Programme Study Centres (PSCs) are being set up in selected Institutes for this Certificate Programme. Each PSC will be handling about 25-30 students. These centres will be managed by the Programme Incharge. The detailed particulars regarding the Programme Study Centres to which you are assigned, will be communicated to you.

The practical sessions of the programme will be held at the Programme Study Centres. The list of Programme Study Centres being activated for the programme is listed at Appendix I.

Please bring all your units as per the schedule during the counselling sessions/practical sessions.
