Zusammenarbeit (GIZ) GmbH

The nutritional situation, especially of women of reproductive age and young children, has improved

Highlights of initiatives related to agriculture & extension

Output 1: Capacity development

- Capacity Strengthening on Nutrition-Sensitive Agriculture (NSA) through the Web-Based Training (WBT).
- Supporting national and provincial extension departments/offices in capacity assessment and refresher training courses.

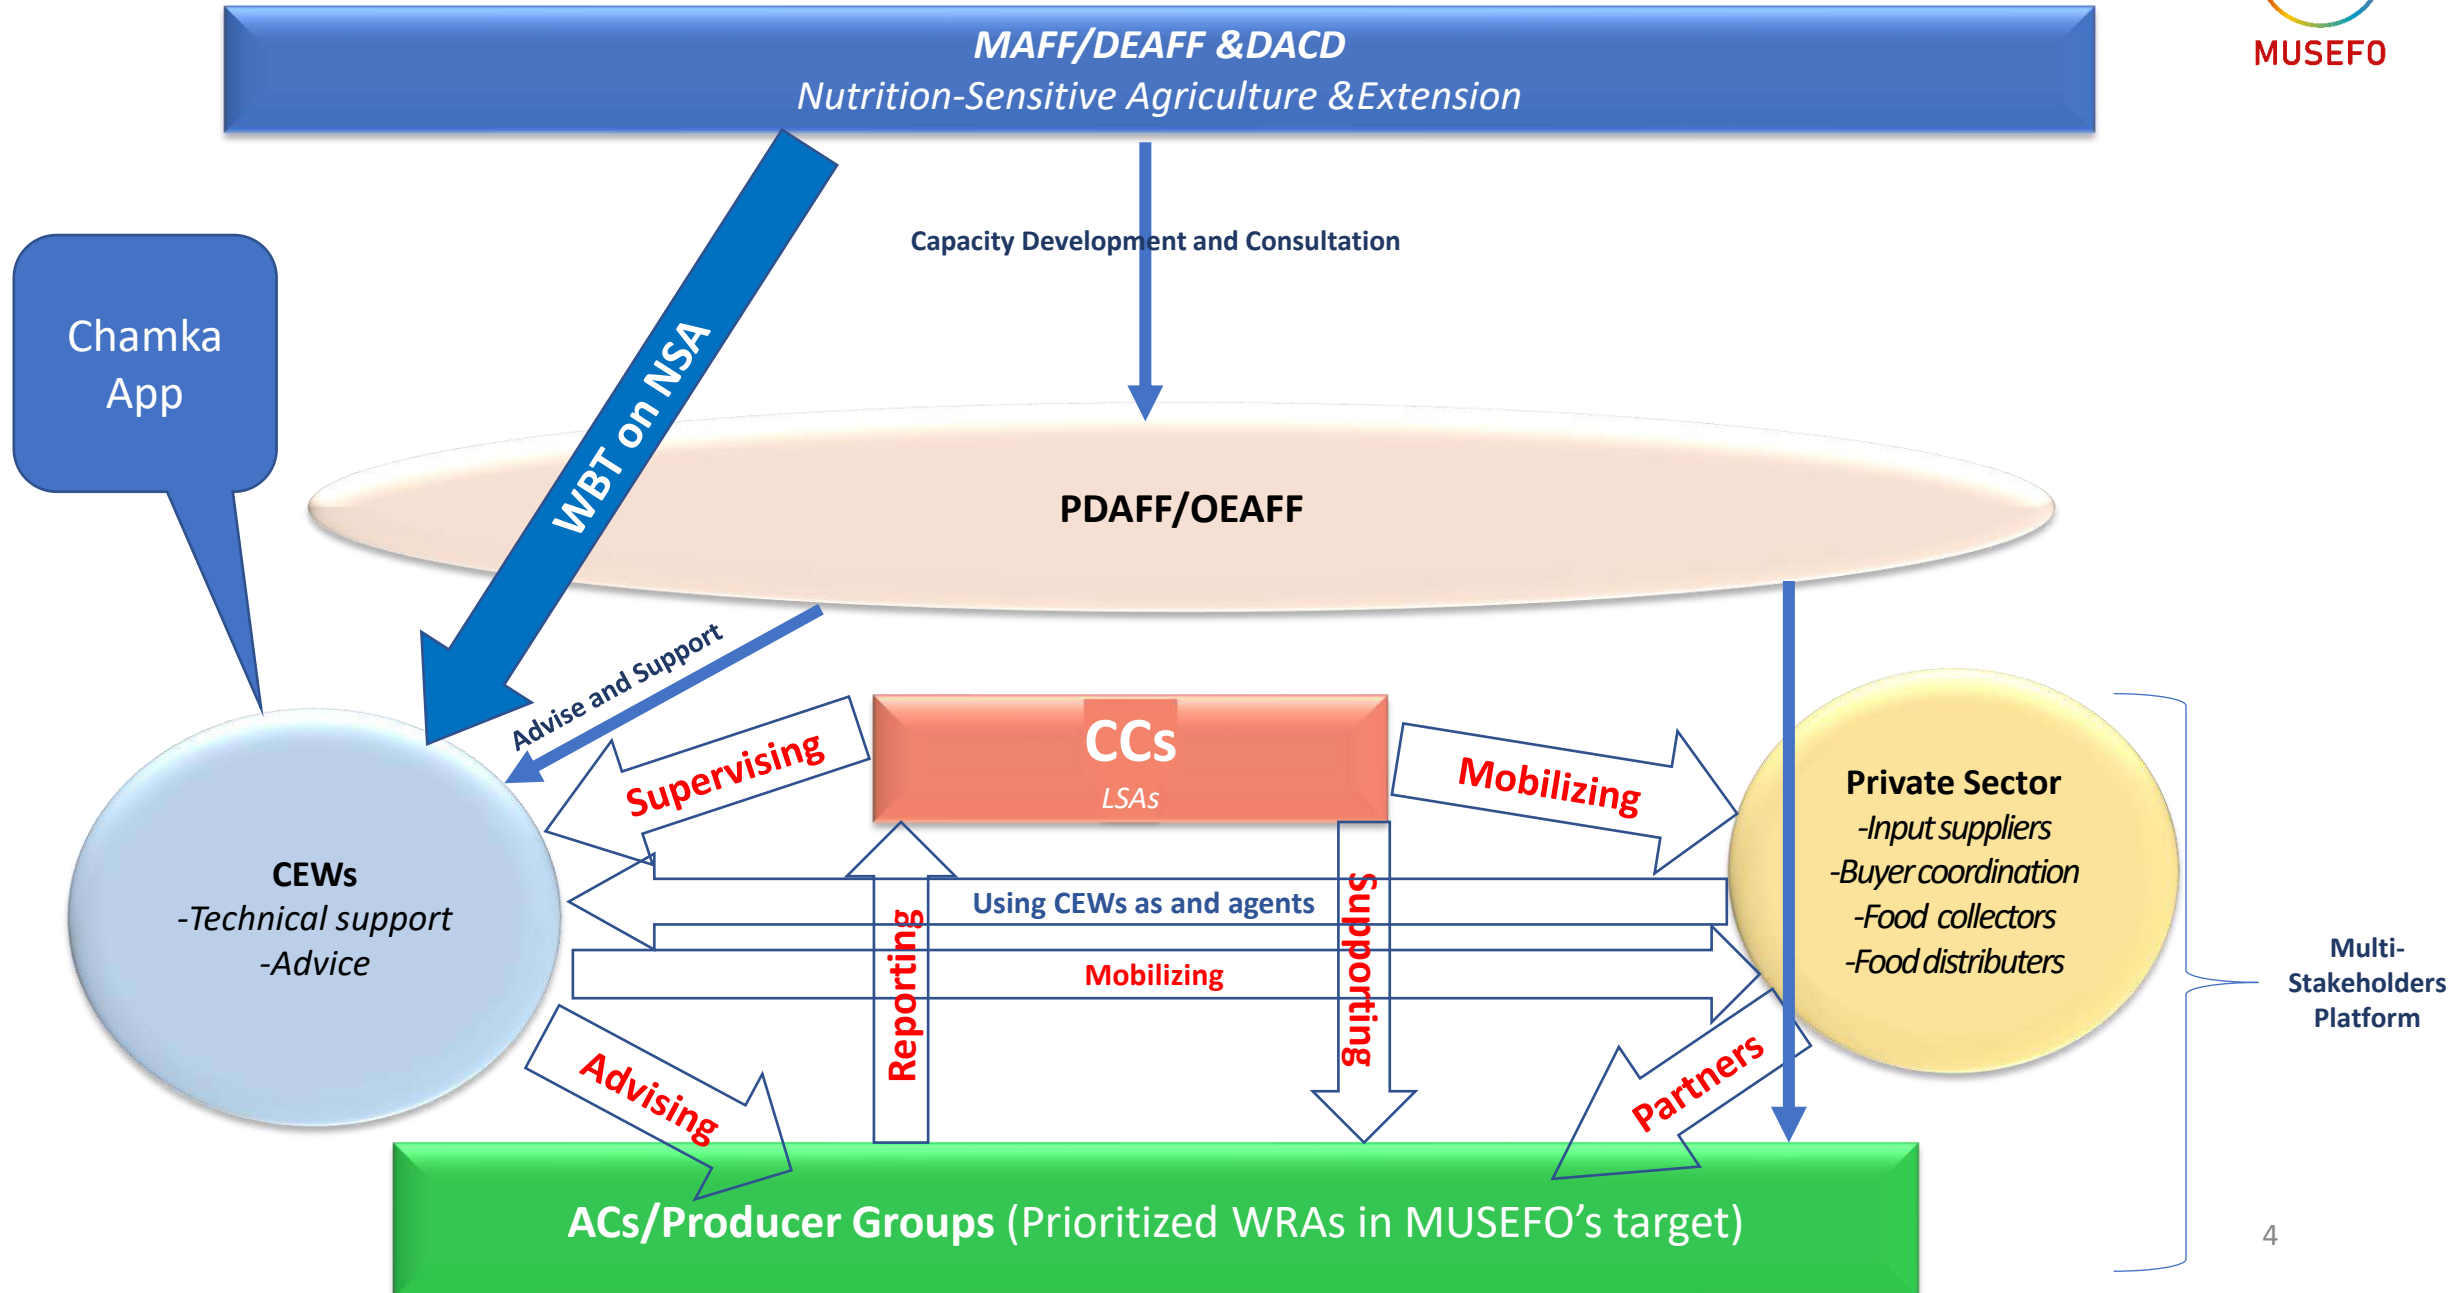

Output 2: Strengthening and improving the extension system

- Strategic plan & guideline development.
- Improving broadcasting system & capacity measurement at the national and provincial level to support the front-line extension workers.

WBT on NSA

Highlights of Initiatives related to agriculture & extension (Cont.)

Output 3: Buffalo curd initiative

- Initiation and implementation of buffalo milking and intergrade the milk products into the food recipes.
- Supporting the government department, especially DEAFF in extending this initiative to other provinces.

28.01.2023

Output 4: Other

- Working closely with DEAFF to provide capacity development to Commune Extension Workers.
- Piloting Community Learning Centre (CLC) for informing polity options.

APIRAS Learning Workshop

Page 5

And many many more...

- Bring-in the Nutrition-Sensitive Extension into the agenda
- Support for broadcasting system/ social media
- Capacity Building for Sub-National Staffs
- Field monitoring and follow-up
